

# **SUBMISSION OF MUSIC FOR VAULTING COMPETITIONS**

If you have any questions on any of the following or just need to check something, please send an email to me (Wayne) at [whystek@gmail.com](mailto:whystek@gmail.com). I check the mail 1-2 times every day and you will generally get a reply the same day. **I am willing to help anywhere I can. All you have to do is ask. There is NO SUCH THING as a silly or stupid question.**

## **SUBMISSIONS MUST BE RECEIVED 2 WEEKS PRIOR TO COMPETITION.**

If you have a problem with your music please contact me as soon as possible. I will help with anything I can (including connecting to your computer over the internet to see what the problem is and help you to fix it).

Competitor music will be played from computer and must be submitted in MP3 format. Email me if your music is not in this format and you are unsure on how to change formats and I'll send you an information pack including a link to download a free program. Each piece of music should not be more than 5Mb in size.

Music can be submitted in 2 ways:

1. By individuals emailing their music one piece at a time to [whystek@gmail.com](mailto:whystek@gmail.com) with the name of the competition in the subject line. **I will always reply to all emails received. If you do not receive a reply within one day, please resend the email.**
2. By individuals sending their music via MSN / Windows Messenger (Search for me using the above email address and add me as a contact).

All submissions will be checked when received to ensure that they are working correctly. An email will then be sent to the sender of the music with a screenshot of clubs music received so far. If there is a problem with a piece of music, for example that it doesn't play or isn't long enough, an email will be sent straight away describing the problem and asking for the piece of music to be emailed.

### **PLEASE NOTE: THE FILENAME OF THE MUSIC IS VERY IMPORTANT!**

Please make sure that you correctly name your music file as the music team will not be accepting any files without the correct information.

**IF YOU ARE UNSURE OF THE FILENAME, please send me an email with the competitor's details and I will reply with the correct filename.**

File names must contain the following in order:

**CLUB– SURNAME – FIRST NAME – GRADE – TYPE**

**CLUB** – As per the list

<b>CLUB</b>	<b>CODE</b>
Acacia Gold Vaulting Club	Acac
Arundel	Arun
Equestrian Vaulting Academy of QLD	EVQLD
Equestrian Vaulting Academy of SA	EVSA
Equiste Vaulting	Equ
Fassifern	Fass
Hawkesbury	Hawk
Hunter Valley	Hunt
Kamilaroi	Kam
Kingfisher Vaulters	King
National Equestrian Centre	NEqC
Southern Highlands Vaulting Team	SHVT
Sydney Vaulting Group	SVG
The Heights Equestrian Vaulting	High
Upper Hunter Vaulting Team	UPH
Vaulting Victoria	Vic

**SURNAME** – Competitors surname (both surnames for Pa De Deux or team name for teams if they have a name)

**FIRSTNAME** – Competitors given name (**for individuals only**)

**GRADE** – The grade of the competitor

E.g. D Individual = “D Ind”  
Horse Team at walk (W) = “HTW”  
Barrel Team = “BT”  
Horse Pas de Deux (A/B/C) = “HPDDABC”  
Barrel Pas de Deux walk = “BPDD”

**TYPE** – The type of the music

E.g. Compulsory music = “Comp”  
Freestyle music = “Free”  
Running in music = “Run”  
Technical test = “Tech”

For example, from the Sydney Vaulting Group George Coupla’s C grade individual freestyle music should be “SVG Coupla George C Ind Free”

If a club is using the same piece of music for all or most of their competitors, you can send just the one file named like the following:

E.g. 1/ SVG’s Compulsory music for Grades A and B only:

**SVG A-B Comp**

2/ NEqC’s running music for the whole club:

**NEqC Run**

If in the example above, one of the PDD combinations has different running music to the rest of the club, send that file correctly named and it will be used instead.

**Send me an email or message via MSN if you are confused or need help. I'll help with anything I can, all you have to do is ask.**

Regards,  
Wayne (A.K.A. The Music Man)
